**Subject:** RE: EPA-R3-2018-009028

Here's the emissions inventory information for the FOIA:

The National Emissions Inventory (NEI) data is publicly available to download at the following website. The specific years for download are located under Data and Documentation on the left hand of the webpage.

<https://www.epa.gov/air-emissions-inventories/national-emissions-inventory-nei>

The Clean Air Markets Division has detailed emissions data for power plants and the data can be queried and downloaded here:

<https://ampd.epa.gov/ampd/>

Let me know if you need any additional information.

Thanks,  
Jessie

Thanks Alice.

Jessica, I'm assuming the links will cover your response for AP40? If so, please provide a little explanation about them for the response letter. Himanshu can incorporate that into the final. Thanks in advance.

Permits would coordinate the response. Himanshu can work with each staff assigned from the other groups. They would provide whatever information they have to him and he will compile it all for uploading. I will assist him if he needs me. Please tell me if this will be billable or not.

Alice, please let me know which staff would be assigned to this FOIA. Permits has the lead. Thanks in advance.

P.S. Natalia/Paul, since Zelma is out, please let me know which one of you will be handling this or who will be assigned.

Benita, a response also would be needed from OAECA and from Office of Monitoring. Himanshu is assigned from OPSP... how should this be handled? Does each office directly respond or does one office coordinate for all of APD?
